

Accelerace Latvia

Entrepreneurship is discipline

Entrepreneurship is learning

R. Toft-Kehler et al. / Journal of Business Venturing xxx (2013) xxx-xxx

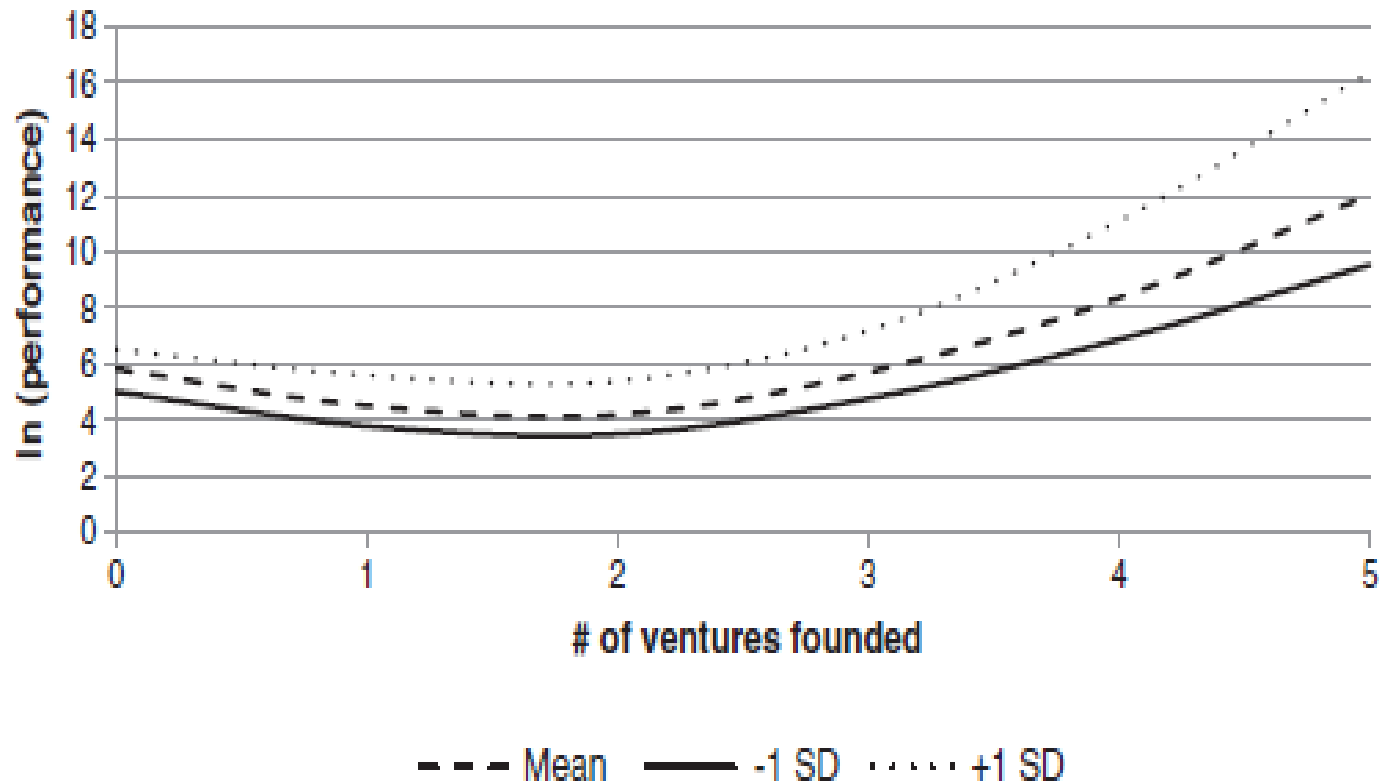

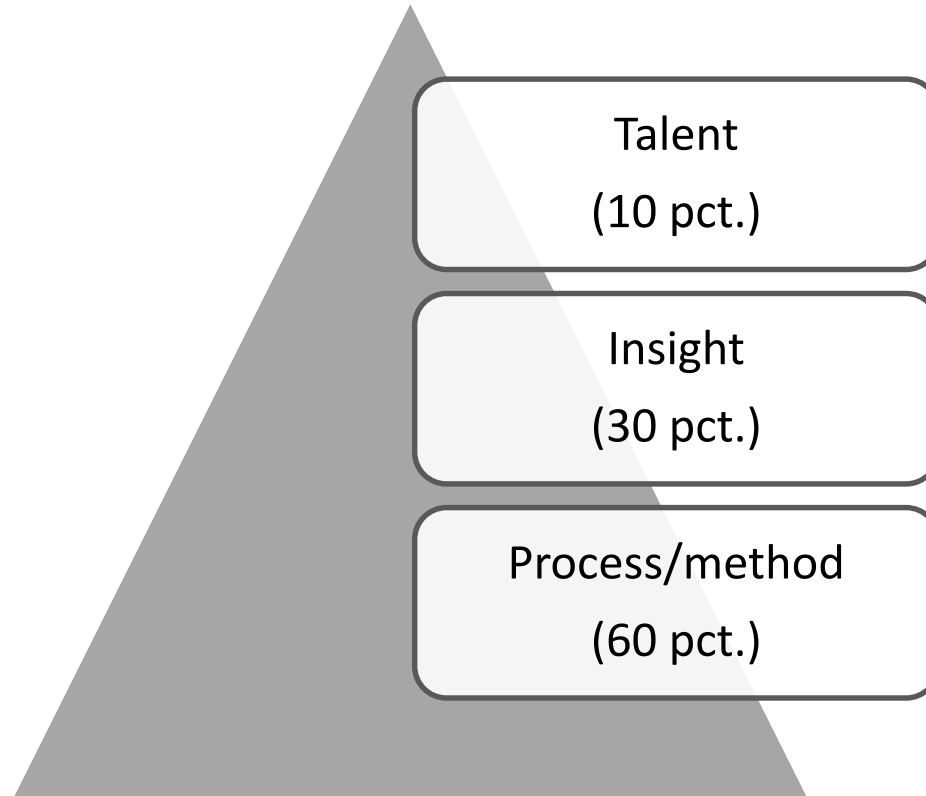

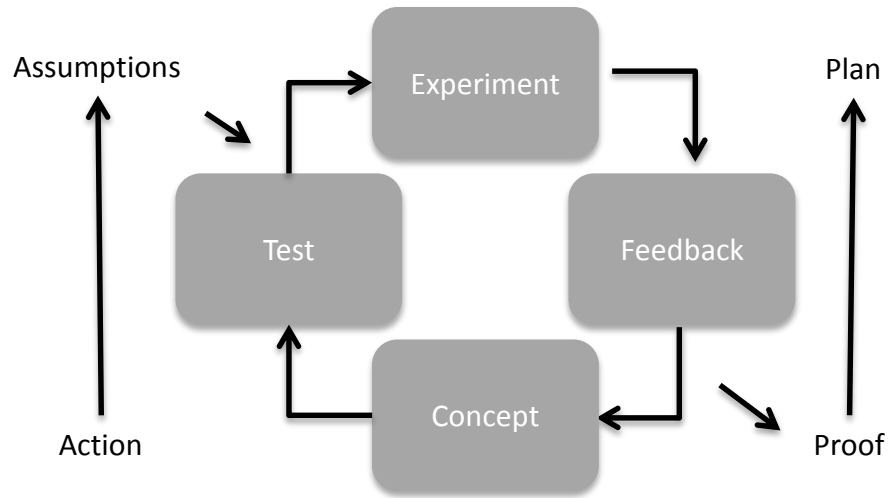

Fig. 1. Marginal effects of industry similarity on performance in serial entrepreneurship.

+ strict method for how to build a startup

Accelerace Learning Tools

- Camps – formalized learning with international experts
- Labs – every month with focus on identifying next experiment and designing implementation – setting milestones
- Mentoring – experts from industry with international success
- Market access – access to test in four markets simultaneously from the beginning (Latvia, Denmark, UK, Estonia)
